## Magnetic Impression

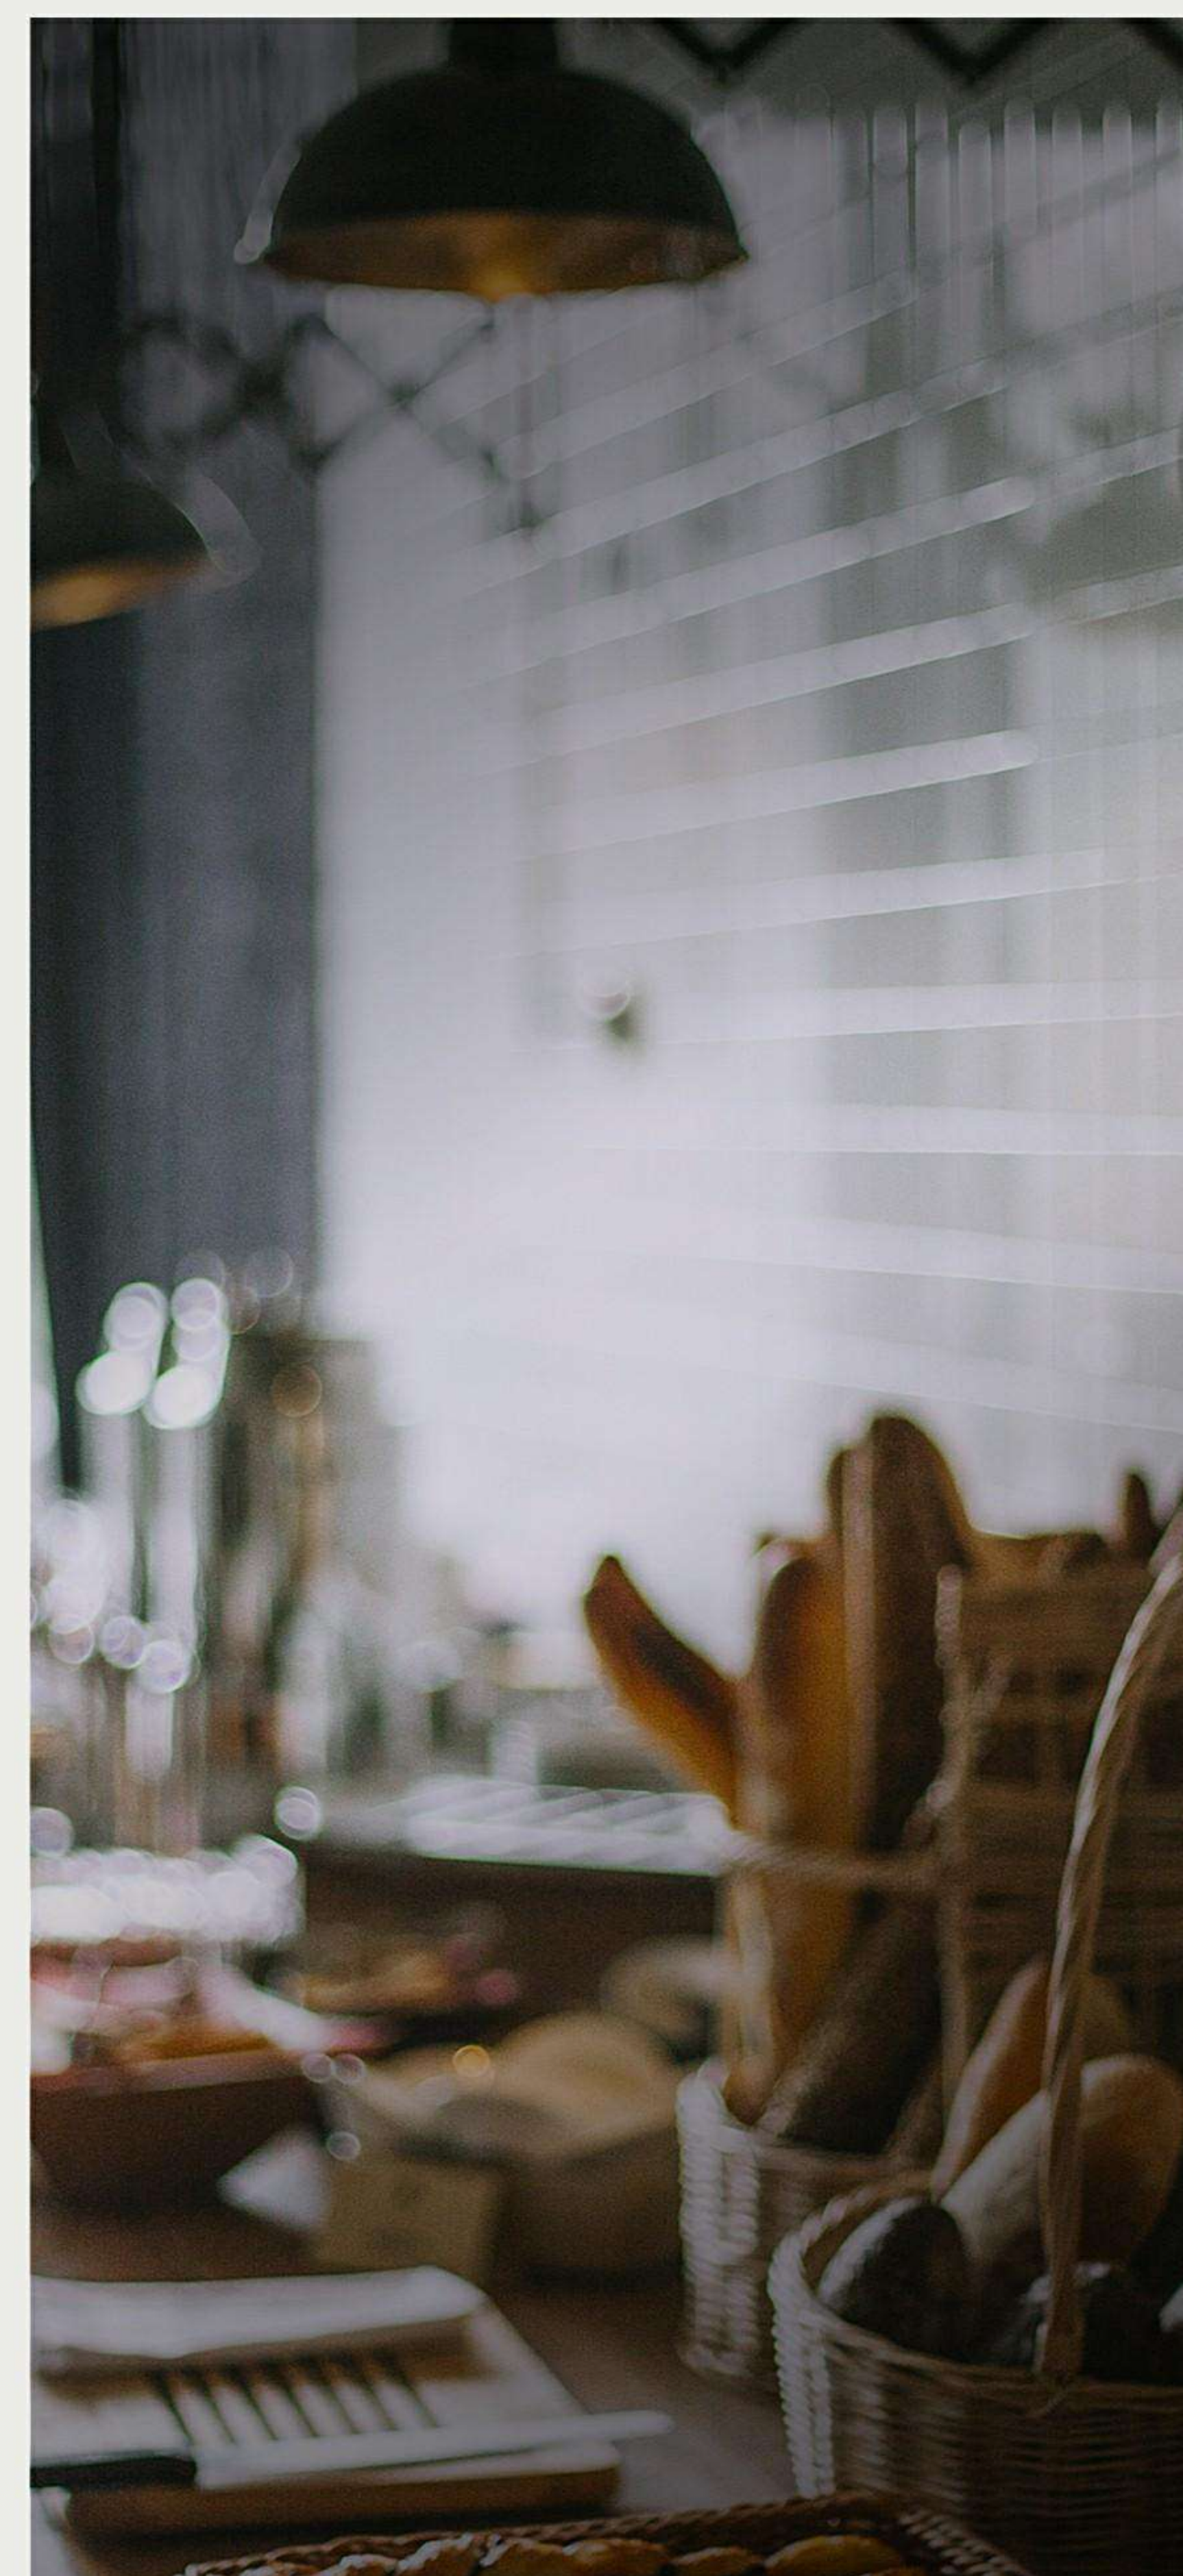

The ceramic era inspired the idea of the Kitchen collection, which combines visual complexity the quality of the aged ornamental and the linear severity of the geometric de-cows. Soft beige and gray tones, a panel with a multi-layered floral pattern design and water color stripes of decorative elements everything is created to create a calm yet brightly individual interior with interesting ac-cent parts.

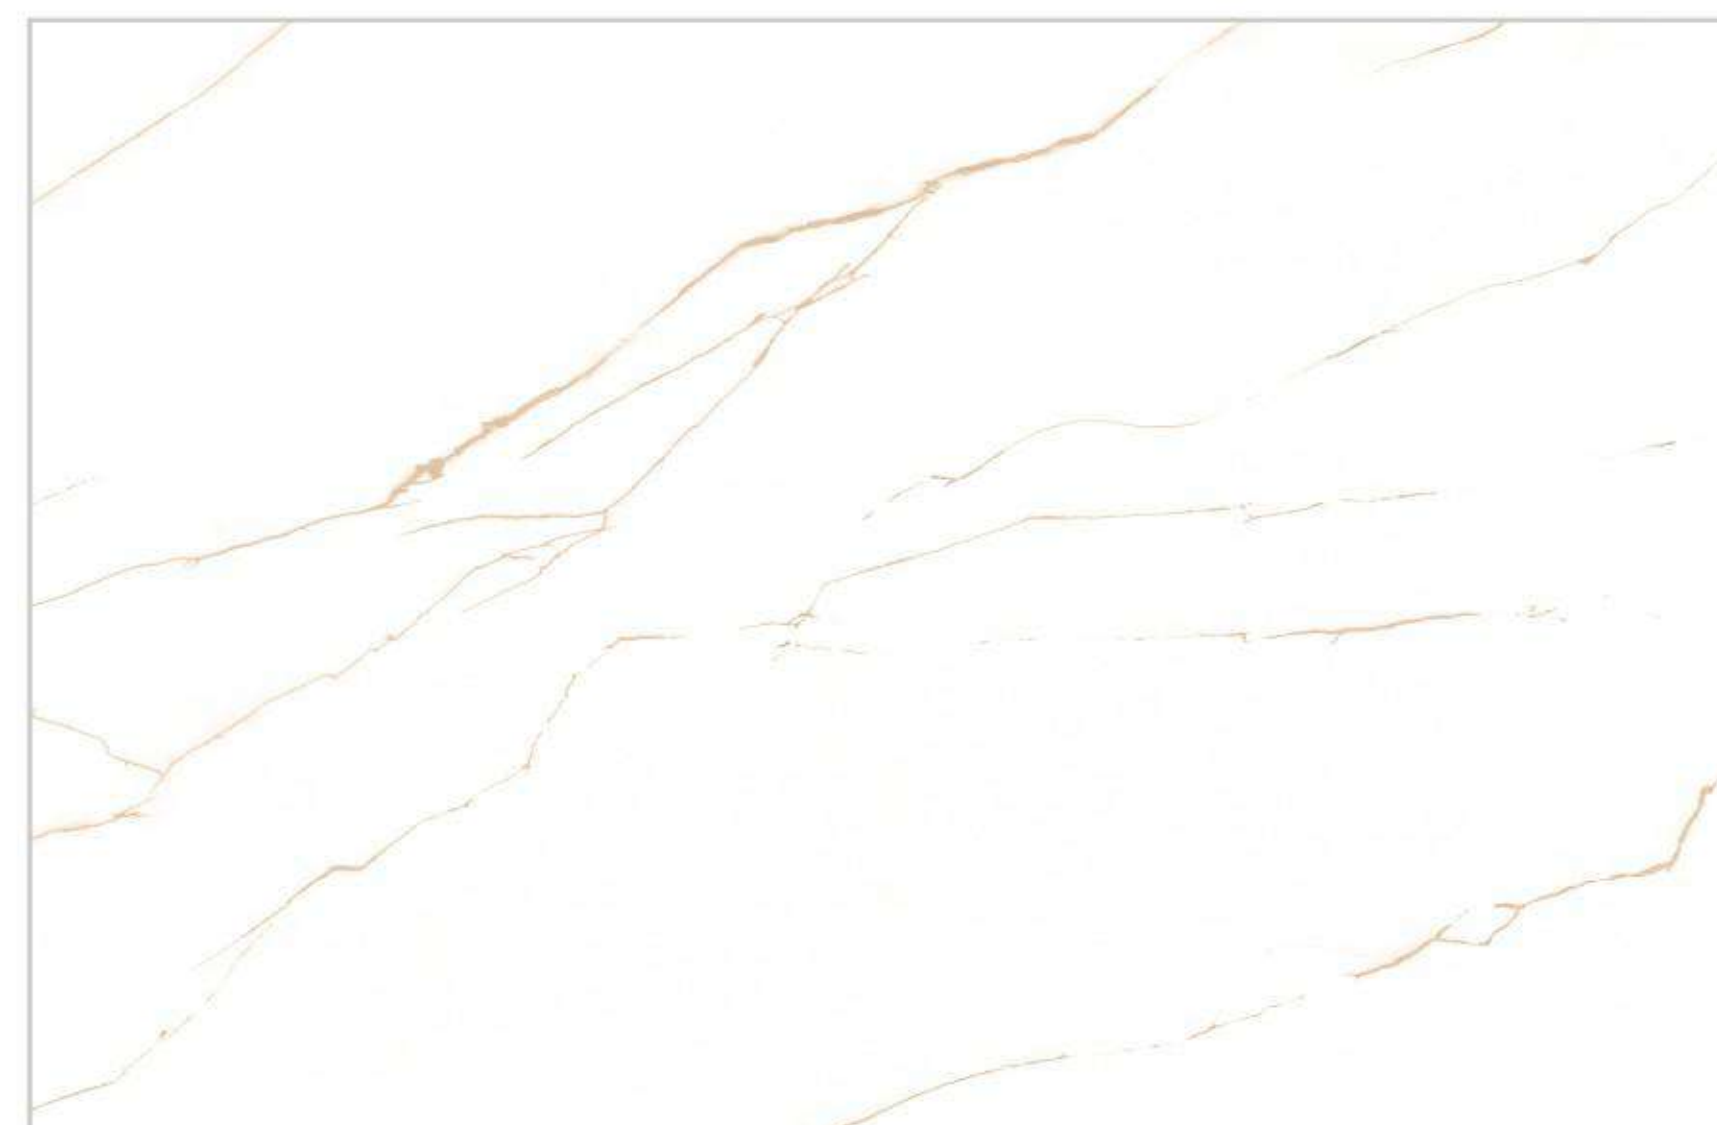

# Elegant And Modern

The shades that comprise the Glossy series, thanks to their sobriety and naturalness, perfectly integrate with the contemporary style of home furnishing. The minute details that characterized the glossy collection are seen best in the three dimensional structures decor; in the Wall 3D, for example, built from small bush-hammered, honed and sand-blasted pieces, or in the Rub decor, which with its worked surface, tells the story of the material quality of sedimentary stone.
